

10. Recognising the help of the Pit Crew and promoting the Koala

Two good mates of mine Eddie & Troy, and my brother Brice, have all helped as Pit Crew, when I have raced the Koala. As a novice it is impossible to race without assistance.

I of course, am very appreciative of them giving up their time, to allow me to race, but also feel guilty.

Along the way, Troy jokingly suggested he should have a uniform. Whilst I didnt really want us to stand out on racing days, due to my lack of ability, it did allow me a way to show appreciation for their help.
